

# Marine Reptile Conference

**3<sup>rd</sup> – 5<sup>th</sup> May 2022**

**The Etches Collection: Museum of  
Jurassic Marine Life, in Dorset**

This meeting will consist of two days of oral platform presentations, discussions and posters plus optional conference meal and field trip.

This conference will give a wide range of researchers, students and amateurs the opportunity to present on marine reptiles and their environments, and hear about the latest theories and discoveries. Themes will include: taxonomy, palaeoart, foodwebs and predation, origins of Mesozoic marine reptiles, ecosystems, and modern analogues.
